

SHOWA 377

Offering protection against a wide range of harmful substances, the 377 chemical-resistant glove is championed for its ultra-tactile grip and superior durability. Its nitrile foam coating enables you to handle the toughest jobs with ease, even in the most slippery environments. A seamless liner and elasticated cuff keep debris out of the glove whilst keeping hands warm and protected.

- Polyester
- Seamless knit

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
