SHOWA 495

The 495 cold weather gloves are crafted with a removable seamless liner that absorbs perspiration to keep hands comfortable and avoid loss of grip within the glove. Protecting down to temperatures of -20°C, they are ideal for working in extreme weather. Added rough grip ensures tactile precision when handling wet or oily components, and extended forearm protection provides optimum chemical resistance.

BENEFITS

- Seamless knit
- Chemical-resistant
- Flexible
- Protects up to -20°C
- Thermal insulation
- Oil-resistant

INDUSTRIES

Chemical

FEATURES

- Forearm protection
- Full PVC Coating
- Insulated
- Ergonomic
- Rough coating
- Removable liner

THICKNESS

1.50mm

LENGTH

300mm

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
